

## Workplace Assessment Services for Change Management

## Creating an integrated road map for managing your workplace, during and after COVID-19.

At Hilldrup, we take great pride in providing clients with fully integrated, turn-key solutions for workplace services. As such, we've added workplace assessment services specifically designed for change management. We'll help you audit your needs and resources so you can efficiently plan and budget for rapidly changing situations, like COVID-19. Our change management service is available to help you manage the following:

### People Placement

- Employee home office relocation needs
- Area utilization design for social distancing
- Post COVID-19 cultural goal alignment
- Workplace re-entry phasing

### Furniture Services

- Ergonomic sit-stand home office solutions
- Delivery and installation
- Technology setup

### Asset Management

- Complete digital furniture inventory
- Real-time inventory management with digital imaging
- Secure, web-based inventory management platform
- Overall cost savings on space, time and furniture spending

### Space Utilization

- Office capacity assessment
- Space planning and reconfiguration
- Common area social distancing strategies
- Cleaning and sanitation
- Transition and implementation management
- Furniture removal and liquidation
